We are the wakeboarding experts in Bali. We have dedicated wakeboarding boats with towers for both beginner and advanced riders. All wakeboarding equipment is imported from the U.S.A. - boards include Hyperlite, Liquid Force, Gatorboard, Ronix and CWB. We also have a wide variety of wakeboarding jackets, ropes and gloves. In fact, the owners were the first to introduce wakeboarding to Bali in 1999 and we remain the biggest wakeboarding enthusiasts on the island.

JSM features only the BEST and MOST MODERN equipment found nowhere else on the island, including a jet boat with a tower for wake boarding and a 50 foot premium boat for diving tours, cruises and deep sea fishing. The majority of our equipment is imported from the USA, Hong Kong and Singapore.

JSM Services ARE OUTSTANDING.

It is our objective to provide our customers with only the highest levels of service. Our staff participate in rigorous training programs and hold the appropriate certifications and licenses where applicable such as boat captains, diving instructors, etc. At JSM, your safety is our top priority.
